

KHYATI JAIN

Software Engineer | .NET | C# | Full-Stack | SQL

+91-9027761448 | khyatijain2802@gmail.com | [LinkedIn](#) | Haridwar, Uttarakhand, India

PROFESSIONAL SUMMARY

Results-driven Software Engineer with 3+ years of experience designing, developing, and deploying scalable web applications using .NET Framework, C#, and SQL Server. Proven ability to improve application performance, reduce defect rates, and deliver client-centric solutions on time. Experienced in full-stack development, API integration, and Agile methodologies. Strong communicator with a track record of cross-functional collaboration and stakeholder management.

TECHNICAL SKILLS

Programming Languages: C#, JavaScript, HTML5, CSS3, Java, C, C++

Frameworks & Technologies: .NET Framework, Web Forms, REST API Integration, ASP.NET

Databases: MS SQL Server 2012, PostgreSQL

Database Development: Stored Procedures, Functions, Triggers

Performance Optimization: Query Optimization, Indexing

Tools & Platforms: Visual Studio, Git, GitHub, Agile/Scrum, Root Cause Analysis (RCA)

Soft Skills: Stakeholder Communication, Requirement Gathering, Extreme Ownership, Public Speaking

PROFESSIONAL EXPERIENCE

Software Engineer | Akums Drugs & Pharmaceuticals Ltd, Haridwar

June 2024 – Present

- Designed, developed, and deployed robust .NET and C# applications, improving overall application performance by 20% through code optimization and efficient database query design.
- Gathered and translated client requirements into technical specifications, delivering customized solutions that enhanced client satisfaction by 15%.
- Collaborated with cross-functional stakeholders to ensure seamless project execution, improving operational efficiency and contributing to a 10% revenue increase.
- Implemented end-to-end testing protocols including unit testing and defect tracking, reducing post-deployment defect rates by 25%.
- Followed Agile/Scrum methodology for sprint planning, daily stand-ups, and iterative delivery of software features.

Technologies: .NET Framework, C#, JavaScript, HTML5, CSS3, MS SQL Server, Agile/Scrum, iTextSharp editor, Quill editor

Graduate Apprentice Trainee | Akums Drugs & Pharmaceuticals Ltd, Haridwar

June 2023 – June 2024

- Developed and maintained internal web applications using C# and the .NET Framework within Visual Studio, following industry-standard coding practices.
- Built responsive front-end interfaces using HTML, JavaScript, and CSS, improving UI responsiveness across internal platforms.
- Assisted in database management and SQL query development for internal reporting modules.

Technologies: .NET Framework, C#, JavaScript, HTML5, CSS3, SQL Server

Project Engineer Intern | Wipro Limited, Remote

March 2022 – July 2022

- Engineered and optimized a pre-dispatch testing checklist, significantly reducing deployment failures and improving release stability.
- Conducted root cause analysis (RCA) on recurring component failures, documenting findings to prevent technical debt.
- Learned and applied core Java programming concepts to develop web application modules during internship projects.
- Built and tested a web application as part of end-to-end project development using Java, HTML, CSS, and SQL.
- Improved testing and deployment processes by creating a pre-dispatch checklist, reducing component failure rates.
- Conducted Root Cause Analysis (RCA) on recurring issues to improve system reliability and testing efficiency.

Technologies: Java, Html, Css, SQL

Business Development Executive (Intern) | Lokaci Private Ltd, Remote

June 2020 – July 2020

- Analysed sales data and prepared performance reports to support strategic decision-making for B2B and B2C segments.
- Pitched product USPs to prospective clients, facilitating end-to-end deal closures.

Technologies: MS Excel, Google Workspace, Trello

PROJECTS

Letterhead Issuance & Tracking System

- Led end-to-end design and development of a centralized letterhead lifecycle management system covering category setup, bulk receiving, serial-wise stock control, and plant/person-wise assignment for a manufacturing company.
- Architected a serial range validation engine with database-level conflict prevention, achieving ~100% serial integrity, and reduced manual category setup time by ~60% through structured master data management.
- Engineered plant-wise and person-wise assignment workflows using advanced SQL with CTEs, cutting misallocation incidents by ~70% and improving reporting turnaround by ~50% via management dashboards.
- Built a scalable, maintainable codebase using C# (.NET), MVC architecture, and OOP principles; actively extended with new modules per evolving operational needs.

Technologies: C# / .NET, SQL Server, CTEs & Advanced SQL, HTML5, CSS3, jQuery, OOP, MVC Architecture

Advanced Audit Observation & Analytics Reporting Engine

- Integrated Quill Rich Text Editor for structured audit observation capture and built a PDF rendering engine to convert rich-text inputs into standardized, client-ready audit reports.
- Designed the 'Audit Planner' dashboard using advanced SQL joins for real-time vendor audit analytics, and the 'Audit Tracker' module for centralized visibility into historical and ongoing audit lifecycles.
- Built interactive, responsive UI views using CSHTML, JavaScript, and CSS, streamlining file-upload and report-generation workflows end-to-end.

Technologies: C#, ASP.NET MVC, SQL Server, Quill UI / Rich Text Editor, JavaScript, CSHTML, CSS

Enterprise Vendor Onboarding & Compliance Tracking System

- Architected a scalable Vendor Management module automating onboarding for 500+ active vendors, and engineered an Audit Tracking System that reduced manual compliance tracking efforts by 40%.
- Leveraged iTextSharp to generate dynamic, tamper-proof PDF audit reports and implemented secure multi-format document upload protocols for seamless compliance certificate storage and retrieval.
- Optimized complex SQL Stored Procedures and Indexing, accelerating vendor data retrieval by 25% while ensuring strict data integrity.

Technologies: C#, ASP.NET MVC, SQL Server, iTextSharp, JavaScript, CSHTML, CSS

EDUCATION

B.Tech in Computer Science Engineering

Sep 2022

College of Engineering Roorkee | Roorkee, Uttarakhand

Intermediate (PCM)

May 2018

Delhi Public School (DPS) | Ranipur, Haridwar, Uttarakhand

CERTIFICATIONS & ACHIEVEMENTS

- Project Completion Certificate – Wipro Limited
- TCS National Qualifier Test (NQT) – 75.94 percentile | May 2021
- HP LIFE Certifications: Effective Presentations & Business Email Writing
- National Merit: Top 50 Percentile – NCFE-NFLAT | 2014

LANGUAGES

English (Professional Proficiency) | Hindi (Native)
